BRIAN'S EYE ON ENTERTAINMENT

Snow White rated PG *****
(The Live Action Remake Version)

This modern day remake mostly follows the same plot as the original movie. Snow White's parents are removed by an evil woman "the queen". She makes Snow White perform like a servant, even though Snow White is the true Queen. The evil Queen is very jealous of Snow White and threatens to kill her. Snow White runs away into the woods and finds the home of the seven dwarfs. There are a lot of funny parts involving these crazy guys. They do take care of her and keep her safe. This movie has a lot of plots but they are not difficult to follow. If you loved the original 1930s movie, you will also like this one.
