BRYAN'S EYE ON ENTERTAINMENT

How To Train Your Dragon rated PG. *****

This is the live action movie based on the animated version which came to the theaters about 7 years ago. The story starts off with the discovery of The Night Fury, a dragon he has named Toothless. Instead of killing his dragon as his father would have liked, he becomes friends with the dragon. After this friendship has started, they go on many adventures. Toothless and Hiccup change the village attitude about dragons from believing they are dangerous to a better understanding of what the dragons really need. It's a wonderful movie which is very entertaining. It has a long running time of 2 and 1/2 hrs but you hardly notice it because the movie is so good. I highly recommend that you see it.
