BRYAN'S EYE ON ENTERTAINMENT

In this news letter, I am going to list some coming movie theater attractions that I feel are worth viewing. Both of these came out in May 23.

Mission Impossible Final Reconsing PG13

Critics say this is excellent and could be the last time Tom Cruise participates in acting. What! No more thrilling action movies !!!!

Lilo and Stitch PG

This is the live action of the animated version done quite a few years ago. It should be good !
